Re: Care package

Dear Friends,

Oh my God! Imagine me laying in my bunk, worrying about my wife & kids, my mother, and going to the Ptote Board in July...

...when a Care Package arrives at my cell door from P.U.P.! What a blessing and also well timed.

We're not doing well in here as a whole, and that's being honest. We have zero mental health workers coming into the building to check on us, zero.

Each day, I watch Gov. Gavin Newsom do a press briefing and not once has he looked into
The camera and addressed the incarcerated Citizens of California. Not once has he said anything to us, or about us—other than grouping us “vulnerable.” Yet, he says “We’re all in this together.”

No, we’re not.

We’ve lost jobs in here too. And, we’re also Citizens of the United States, but, undocumented workers and illegal immigrants are given $500 and we get... not even a mention in a press briefing?

This makes what P.U.P. did as an organization, sending in a care package, mean so much to so many. It show’s how much you care about us beyond our academic growth: you care about us on an empathetic level and that means much.

On behalf of myself and all the guys in West Block who I hear from their mouths their appreciations,

Thank you! Thank you! Thank you! (yes you can use my internet word!)
